

E.H.G.A is an association of European schools and people dedicated to the Hung Gar style of Kung Fu. EHGA was founded in 1998. It has the following goals:

1. **Working** together within the worldwide Hung Gar brotherhood.
2. **Respecting** each other as masters and styles of different lineages.
3. **Joining** our technical, organisational efforts and skills to offer practitioners the chance to take part in high level technical seminars and national or international tournaments.
4. **Keeping** close contact and informing each other about seminars, championships, etc.
5. **Organising** once every two years an International Hung Gar Championship.
6. **Preserving** authentic traditional Hung Gar for the future.

Please make a tour of our site to learn more about its **members**, the **schools**, the **activities** and much more information (such as articles and pictures).

We are trying to spread and preserve Hung Ga over the years.

It doesn't matter what lineage you belong to

, if you would like to cooperate, please contact us.

For any information (technical aspects, courses, inscriptions, stages and so on...), you can send us an e-mail to our addresses: ehga@ehga.org
